

## **SOMETYMES WHY**

Sometymes Why is Kristin Andreassen, Ruth Ungar & Aoife O'Donovan.

Sometymes Why is a mesmerizing trio of modern-day sirens. Their vocal intensity, sparse arrangements, and passionate lyricism whirl into the air and cut a cyclone's path through the heart. Aoife, Ruth and Kristin have honed their recipe for ruthless tenderness with utter disregard for conformity or convention...you can see/hear this in the beauty they bring to their other projects, namely: Crooked Still, The Mammals and Uncle Earl. Their songs tell the secret tales of our own lives and beg us to believe in the power of revelation.
